

Student Google Apps Permission Form School District of Sevastopol

Sevastopol School has the ability to create accounts for all students to allow for collaborative sharing using Google Apps for Education. These accounts will be used for school related projects, but may be used outside of school by students with their parents' permission. The mastery of effective and proper email communications by students is included in our technology standards, in addition to allowing access to the wealth of collaborative tools available to students and teachers once these accounts are assigned.

No student will be assigned an account without parent or guardian approval. The rules governing proper electronic communications by students are included in the Acceptable Use Policy. This account is housed on Google servers, thereby giving your student access to Google Docs (word processor, spreadsheet, drawing and presentation software), instant messaging, email, calendar, website authoring tools, plus additional services on school and home computers. This will allow your student to collaborate with teachers and other students as well as share information with family, friends, and other Internet users.

Official Email Address:

Students will be assigned a unique @sevastopolschool.com student email account. This account will be considered the student's official school email address until such time as the student is no longer enrolled in Sevastopol School.

Conduct: Students are responsible for good behavior just as they are in a traditional school building. Student accounts may not be used in the following ways: Unlawful activities; using obscene, profane, threatening, or disrespectful language; commercial purposes; personal financial gain; false identity in email communications; misrepresentation of the Sevastopol School; Interference with the Sevastopol School technology operations. Bullying will not be tolerated and the privacy of others must be respected at all times.

Access Restriction: Access to and use of Google Apps for Education is considered a privilege accorded at the discretion of School District of Sevastopol. The District maintains the right to immediately withdraw the access and use of the account when there is reason to believe that violations of law or School Board policies have occurred. In such cases, the alleged violation will be referred to the Principal or designee for further investigation and application of necessary consequences as indicated in the Student Code of Conduct and School Board Policy.

Security: Sevastopol School cannot and does not guarantee the security of electronic files located on Google systems. Although Google does have a powerful content filter in place, the District cannot assure that users will not be exposed to non-educational material.

Privacy: The District reserves the right to access and review content in the Google Apps for Education system at any time. The District feels that a strong partnership with families is essential to a successful experience. Therefore, we are asking your permission to provide a Google Apps account to your child.
